Good morning, Ken.

Here is a list of items to address as soon as possible next week:

- Installation of Bermuda grass sod in Grid No. DRA04/DRA05/DRA022 (see attached map); essentially, these are the drainage ditches down E. Cottonwood to N. Cedar Street;
- Roll open lot with 800# roller option as submitted;
- Price cost of hydro-seeding Grid No. FJD05-01 vs. conventional seeding (area we excavated and backfilled in the lot next to the rock piles); this grid is approximately 50' x 50' (2,500 ft);

I also have one of the crew's hoodie/sweat shirt (gray with Texas Yard Pros logo); I'll return it to your foreman when he returns.

We will demobilizing next weekend and would like to get the above items addressed prior to leaving, weather permitting.

Thanks again for all of the help and look forward to working with you again.

Regards,

Don
